

Edward G. Henifin, PE

General Manager

ehenifin@hrsd.com

757.460.4242

Ted Henifin joined HRSD November 1, 2006, as General Manager. He previously served as Director of Public Works for the City of Hampton. Mr. Henifin holds a Bachelor's of Science in Civil Engineering from the University of Virginia. His career has spanned more than 35 years with a focus on public works and utilities in federal, regional and local government in Hampton Roads. He is a registered professional engineer and has been active with professional associations throughout his career. He currently serves on the board of directors for the National Association of Clean Water Agencies ("NACWA") and Virginia Forever; is on the steering committee for the US Water Alliance's Value of Water Campaign and is past president of the Virginia Association of Municipal Wastewater Agencies ("VAMWA"). Active in civic associations as well, he is president of the George Wythe Recreation Association, treasurer of the Hampton Neighborhood Development Partnership and is secretary of the board of directors for the Langley Federal Credit Union.

Chris Phipps

Director Dept. of Public Works

The DPW is the agency responsible for infrastructure services, including roads, trash, water, sewer, recycling and utilities.

Phipps has worked for the Department of Public Works' Bureau of Engineering for 18 years, and spent the last 11 years as deputy director.

He has a degree in civil engineering from Virginia Tech and is a registered professional engineer in Maryland.

BIO FOR PRESENTATION: Earth Data Incorporated

J.P. Stokes, PG earned a B.S. in Geology from West Virginia University in 1996,

with a specialization in environmental and hydrogeology. JP has been a groundwater consultant with Earth Data Incorporated with over 22 years' experience. Mr. Stokes is a licensed Professional Geologist in the mid-Atlantic

States including Delaware, Pennsylvania and Virginia. JP's work focuses on soil

and hydrogeologic aspects of water supply permitting, wastewater discharge permitting, and environmental monitoring and investigations.

Mark A. Williams - PRESIDENT, EARTH DATA INCORPORATED

Mark Williams is president and owner of Earth Data Incorporated. He is a graduate of the University of Arkansas at Fayetteville with a BS in engineering. Mark has been involved in the water supply industry since 1982.

Mark joined Earth Data in January 2000 as a senior groundwater consultant after working for the nation's largest water supply contracting company for over 17 years. In that capacity he worked throughout the southeastern and Mid-Atlantic states and developed extensive knowledge and experience with all types of water well drilling techniques and pumps. Mark purchased Earth Data in January 2014. Since then he has worked to enhance Earth Data's reputation as a quality water resources and environmental consulting company as well as a nationally recognized GIS/geospatial firm.
